

# CAT Pressure Reduced / HVLP

## Lightweight Construction

The air cap is constructed of a lightweight aircraft grade aluminum, providing part integrity with less weight to help with sprayer fatigue

## Fan Control

The fan control is located at an easy access point on the handle of the spray gun, allowing one handed pattern adjustment

## Air Adjustment Valve

The CAT-X includes a built in air adjustment valve right at the handle of the spray gun for quick and care free access

C.A. Technologies is proud to introduce our new CAT-X professional grade automotive spray gun. The CAT-X provides extreme atomization, handle ergonomics, and fluid delivery superior to all the competitive guns on the market today. The CAT-X includes the HVLP air cap and the pressure reduced air cap to meet all the codes and regulations throughout the United States. The CAT-X comes in two distinctive handle designs.

## Features
